GitHub: https://github.com/KhvledT

Objective

A passionate Frontend Developer with advanced expertise in React.js, Next.js, TypeScript, and JavaScript (ES6+). Experienced in building scalable, high-performance web applications with a strong focus on clean architecture, accessibility, and modern UI/UX. Skilled in developing social media platforms, e-commerce applications, and responsive business websites, with practical experience in server-side rendering (SSR) and static site generation (SSG) using Next.js.

Education

Mansoura University – Faculty of Computer and Information Science (2024 – Present)

Work Experience

Frontend Developer (Mar 2025 – Present)

- Designed and implemented scalable applications using React, Next.js, TypeScript, Tailwind CSS, and RESTful APIs.
- Gained solid experience in state management (Redux, React Query), API integration, and modern UI libraries.
- Focused on writing clean, maintainable code and delivering high-quality user experiences.

Some of my projects

- Social Media Platform :
    Demo: https://linkup-social-media-app.netlify.app
    GitHub: https://github.com/KhvledT/Linkup
    - Developed a full-featured social media web application with real-time posts and comments using React.
    - Implemented secure user authentication (email & password) and protected routes.
    - Designed responsive UI with Tailwind CSS, featuring infinite scroll for dynamic content loading.
    - Optimized Lighthouse performance score from 78 → 99 by code splitting and image optimization.

- E-commerce Web Application:

  Demo: https://e-commerce-ashy-two-19.vercel.app/

  GitHub: https://github.com/KhvledT/E-Commerce

  - Built a modern e-commerce platform using **Next.js, TypeScript, Tailwind CSS, and shadcn/ui** with full **SEO optimization.**
  - Implemented **real payment integration** with secure checkout and complete protection of customer data.
  - Developed features including **shopping cart, order management, user profile, and real account system** with authentication powered by **NextAuth**.
  - Utilized **Context API** for efficient state management and smooth data flow across the application.
  - Delivered a seamless **Single Page Application (SPA) experience** with dynamic routing and reusable, user-friendly components.
  - Achieved high performance and accessibility scores using **Lighthouse testing**:
    - Performance: **96**
    - Accessibility: **90**
    - SEO: **100**
    - Best Practices: **100**

Courses

- Full Stack Web Development – Route Academy (React, Next.js, Node.js)
- Advanced English – 4Level1 Center

Languages

- Arabic – Native
- English – Excellent (written & spoken)

Technical Skills

- **Frontend Development:** HTML5, CSS3, JavaScript (ES6+), TypeScript
- **Frameworks & Libraries:** React.js, Next.js, React Router, Redux, React Query, Axios, Nextauth
- **UI & Styling:** Tailwind CSS, Bootstrap 5, Material UI(Shadcn-UI ,Hero-UI), Figma
- **Tools & Platforms:** Git, GitHub, NPM, Postman, Netlify, Vercel
- **APIs & Data Handling:** REST APIs, JSON, Asynchronous Programming

---

Soft Skills

- Problem Solving | Teamwork | Time Management | Continuous Learning
